STATE OF THE ART
MANUFACTURING FACILITY

R&D department

Tamoor fans is the leading fan manufacturing company in Pakistan. Tamoor fan company recognizing now due to advance technologies such as 30-watt eco smart, AC/DC ceiling fans. 1st time in Pakistan tamoor fans company introduced BLDC technology in pedestal fans. Tamoor fans R&D department always work on energy efficient and durable products.

Winding department:

For the accuracy and precise work tamoor fans company using automatic CNC winding machines, all machines operating by well trained and professional workers. By the using of prograded base winding machines the efficiency of work and motor increase and reduced the human error during winding.

Mechanical workshop

For the fans bodies profiling, tooling, sizing, and drilling etc. , Tamoor fan is using high quality cnc lathe machines which increase the quality and efficiency fo work. Tamoor fan ensure the high precision and constancy in manufacturing the fans.

Paint Shop

Fully integrated state of the art pre-treatment system and paint system for blade & body Environment and pollution-free chemicals are used in the system as per international standard LPG operated ovens for baking ensures high gloss

Fan testing & quality control:

Latest technology testing equipment & system used in process quality assurance. Modern testing facilities for 100% motor & blade verification before packing. Internal product audit system at each stage of manufacturing to enhance customer delight. Fully integrated automation system air delivery measurement for ceiling fans incoming.

SILICON COATED ELECTRIC STEEL SHEET ARMATURE
ECO SMART 30-WATT
PLATINUM SERIES

ECO SMART 5 BLADES

Platinum Series 40-WATT

Features

- ❑ PMSM (*Permanent Magnet Synchronous Motor*) with High Efficiency.
- ❑ 40-Watt Power Consumption on full speed
- ❑ **Save** Up to 70% of Energy Consumption as compare to Conventional Fan (100-watt)
- ❑ High Power Factor
- ❑ Noiseless Motor
- ❑ 99.99% Copper Winding
- ❑ Silicon Coated Electric Steel Sheet Armature
- ❑ RF Remote Control with Auto off timer function 1h-6h
- ❑ 10% Higher Air Delivery as compare to Conventional Fan (100Watt)
- ❑ Stable Performance on low and high Voltage (140V~ – 240V~)
- ❑ Under and Over Voltage Protection (110V~ – 280V~)

ECO SMART 3 BLADES Platinum Series 30-WATT

Features

- ☐ PMSM (Permanent Magnet Synchronous Motor) with High Efficiency.
- ☐ 30-Watt Power Consumption on full speed
- ☐ Save Up to 70% of Energy Consumption as compare to Conventional Fan (100-watt)
- ☐ High Power Factor
- ☐ Noiseless Motor
- ☐ 99.99% Copper Winding
- ☐ Silicon Coated Electric Steel Sheet Armature
- ☐ RF Remote Control with Auto off timer function 1h-6h
- ☐ 10% Higher Air Delivery as compare to Conventional Fan (100Watt)
- ☐ Stable Performance on low and high Voltage (140V~ – 240V~)
- ☐ Under and Over Voltage Protection (110V~ – 280V~)

AC/DC 50-WATT GOLD SERIES

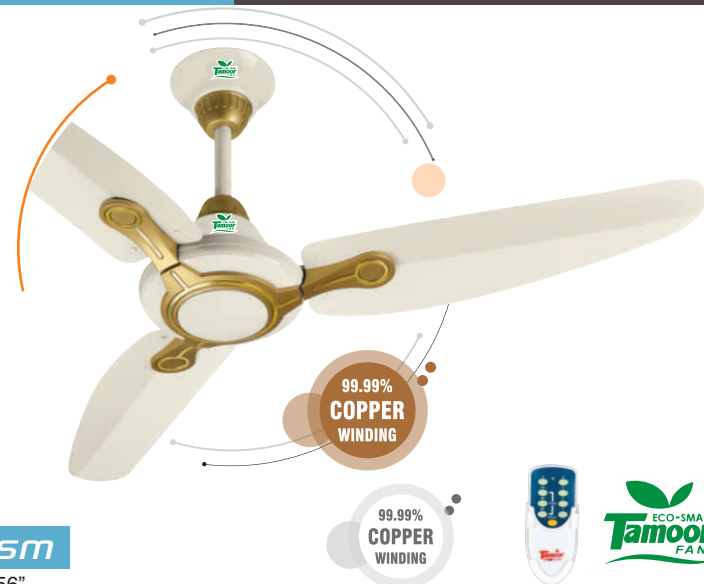

Features FOR AC DC SERIES

- ☐ BLDC MOTOR (Brushless DC Motor)
- ☐ 50-Watt Power Consumption on full speed
- ☐ **Save** Up to 50%+ of Energy Consumption as compare to Conventional Fan (100-watt)
- ☐ Auto Switching 220v AC to 12v DC & 12v Dc to 220v AC
- ☐ 3 In One Power Source Options (220V AC / 12v Dc / 160-watt Solar Panel)
- ☐ High Power Factor
- ☐ Noiseless Motor
- ☐ 99.99% Copper Winding
- ☐ Silicon Coated Electric Steel Sheet Armature
- ☐ RF Remote Control with Auto Timer Function 1h-6h
- ☐ 10% Higher Air Delivery as compare to Conventional Fan (100-watt)
- ☐ Stable Performance on Low and High Voltage (140V~ – 240V~)
- ☐ Under and Over Voltage Protection (80V~280V~)
